# Key terms

This section explains some of the terms that you will find in this document.

## A

### **Above Threshold Benefit (ATB)**

Once the day-to-day claims that you have sent to us add up to the Annual Threshold, we pay the rest of your day-to-day claims from the Above Threshold Benefit, at the Discovery Health Rate or a portion of it. The Comprehensive plans have a limited Above Threshold Benefit.

### **Additional Disease List (ADL)**

On the Classic Comprehensive Plan, once you are approved on the Chronic Illness Benefit, we cover you for medicine for an additional list of life-threatening or degenerative conditions, as defined by us.

### **Annual Threshold**

We set the Annual Threshold amount at the beginning of each year. The number and type of dependants (spouse, adult or child) on your plan will determine the amount.

The Annual Threshold is the amount that your claims must add up to before we pay your day-to-day claims from the limited Above Threshold Benefit.

## C

### **Chronic Disease List (CDL)**

This is a defined list of chronic conditions that we cover according to the Prescribed Minimum Benefits.

### **Chronic Drug Amount (CDA)**

The Chronic Drug Amount is the monthly amount that we pay up to for a medicine class. This amount is subject to a member's plan type. It applies to chronic medicine that is not listed on the medicine list (formulary).

### **Chronic Illness Benefit (CIB)**

The Chronic Illness Benefit covers medicine and treatment for a defined list of chronic conditions. You need to apply for the cover first.

### **Comprehensive cover**

This cover exceeds the essential healthcare services and Prescribed Minimum Benefits that are prescribed by the Medical Schemes Act 131 of 1998. Comprehensive cover offers you extra cover and benefits to complement your basic cover. It gives you the flexibility to choose your healthcare options and service providers. Whether you choose full cover or options outside of full cover, we give you the freedom to decide what suits your needs. Our cover is in line with, or goes beyond, defined clinical best practices. This ensures that you receive treatment that is expected for your condition and that is clinically appropriate.

We may review these principles from time to time to stay current with changes in the healthcare landscape. While comprehensive, your cover remains subject to the Scheme's treatment guidelines, protocols and designated service providers. We still prioritise managed care to make sure you get the best outcomes for your health.

### **Co-payment**

This is an amount that you have to pay towards a healthcare service. The amount can vary, depending on the type of healthcare service, the place of service and whether the amount that the service provider charges is higher than the rate that we cover. If the co-payment amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.

### **Cover**

Refers to the benefits that you can access on your health plan and how we pay for these healthcare services. The services may include consultations, medicine and hospital visits.

## D

### Day-to-day benefits

The day-to-day benefits are the available money allocated to the Medical Savings Account, cover from the limited Above Threshold Benefit or defined benefits for day-to-day healthcare services.

### Day-to-day Extender Benefit (DEB)

On the Classic Comprehensive Plan, you have extra cover from the Day-to-day Extender Benefit. The benefit extends your day-to-day cover for essential healthcare services in our network. You can access the benefit if you have spent the yearly amount that is in your Medical Savings Account but have not yet reached your Annual Threshold.

### Designated service provider (DSP)

This refers to a healthcare professional or provider (for example, a doctor, specialist, allied healthcare professional, pharmacy or hospital) who/that has agreed to provide Discovery Health Medical Scheme members with treatment or services at a contracted rate. To view the full list of designated service providers, visit [www.discovery.co.za](http://www.discovery.co.za) or click on 'Find a healthcare provider' on the Discovery Health app.

### Discovery Health Rate (DHR)

This is the rate that we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant healthcare services.

### Discovery Health Rate for medicine

This is the rate that we pay for medicine. It is the Single Exit Price of medicine plus the relevant dispensing fee.

### Discovery HomeCare

Discovery HomeCare is an extra service that offers you quality care in the comfort of your home. You can use this for healthcare services like intravenous (IV) infusions (drips), wound care, postnatal care and advanced illness care.

## E

### Emergency medical condition

An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and, at the time, unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to give this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy.

An emergency does not necessarily need you to be admitted to a hospital and you may be treated in casualty only. We may ask you for more information to confirm the emergency.

## F

### Find a healthcare provider

'Find a healthcare provider' is a medical provider search tool that is available on the Discovery Health app and website.

# M

## Medical Savings Account (MSA)

You have access to a Medical Savings Account (MSA) at the beginning of each year or when you join the Scheme. You pay this amount back in equal portions as part of your monthly contribution.

We pay your day-to-day medical expenses from the money allocated in your MSA. These day-to-day expenses are for general practitioner (GP) and specialist consultations, acute medicine, and radiology and pathology services, among others.

You can choose to have your claims paid from the MSA, either at the Discovery Health Rate or at cost. If you have unused money in the account, this will carry over to the next year. If you leave the Scheme or change your plan during the year and have used more of the MSA money than what you have contributed, you will need to pay the difference to us.

## Medicine list (formulary)

This is a list of medicine that we cover in full. You can use the medicine to treat approved chronic conditions. This list is also known as a formulary.

# N

## Networks

Depending on your chosen plan, you may need to use specific hospitals, doctors, specialists or allied healthcare professionals in a network. We have payment arrangements with these providers to make sure you can access quality care that is affordable. When you use a network provider, you avoid having to pay extra costs and co-payments.

## Hospital networks

If you are on the Classic Smart Comprehensive Plan, we cover your hospital account in full if you use a hospital in the Smart Hospital Network.

## Doctor networks

We cover you in full for GPs, specialists and allied healthcare professionals who we have a payment arrangement with.

## Day surgery networks

We cover you in full for a defined list of procedures in our Day Surgery Network.

# P

## Payment arrangements

The Scheme has payment arrangements with many healthcare professionals and providers. This helps us to cover you in full, with no shortfalls.

## Personal Health Fund

The Personal Health Fund covers a comprehensive list of out-of-hospital healthcare services according to your individual health needs once you've activated Personal Health Pathways and completed your recommended next best action.

## Personal Health Pathways

Personal Health Pathways is a personalised care programme that predicts and recommends the most important actions you can take to improve your health.

## Preferred medicine

Preferred medicine includes specially priced generic and branded medicine.

## Premier Plus GP

A Premier Plus GP is a network GP who has contracted with us to provide you with coordinated care and enrolment on one of our Care programmes for defined chronic conditions.

## Prescribed Minimum Benefits (PMB)

In terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the cost related to the diagnosis, treatment and care of:

- An emergency medical condition
- A defined list of 271 diagnoses
- A defined list of 27 chronic conditions.

The Council for Medical Schemes has set the following rules for how to access Prescribed Minimum Benefits:

- Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
- The treatment that you need must be provided for in the defined benefits.
- You must use designated service providers in our network. This does not apply in emergencies. Where appropriate and in line with the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised. If you do not use a designated service provider, we will pay up to 80% of the Discovery Health Rate. You will be responsible for the difference between what we pay and the actual cost of your treatment.

If your treatment doesn't meet the above criteria, we will pay according to your plan benefits.

## Primary Care doctor

A Primary Care doctor helps you to take care of your general health. You are likely to have better health outcomes when you nominate one doctor to manage your health and coordinate your care. Your Primary Care doctor knows your complete medical history and takes the healthcare approach that is best for you.

# R

## Reference price

The Reference Price is the set amount that we pay for a medicine category. This applies for medicine that is not listed on the medicine list (formulary).

## Related accounts

'Related accounts' refers to any account that is separate from your hospital account but related to in-hospital care that you have received. This could include the accounts for your admitting doctor, anaesthetist, and any approved healthcare expenses, like radiology or pathology.

# S

## Shariah-compliant arrangement

This refers to an arrangement that allows you to have your health plan managed according to principles that comply with Shariah.

# U

## Upfront payment

This is the amount that you must pay upfront to a hospital or day clinic if you use a facility outside of the network and for specific treatments or procedures. If the upfront amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.

# Key features

This section explains some of the key features available to you on the Comprehensive plans.

An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and unexpected onset of a health condition that requires immediate medical or surgical treatment. Failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy. ## Home Monitoring Device Benefit for essential home monitoring

The Home Monitoring Device Benefit gives you access to a range of essential and registered home monitoring devices for certain chronic and acute conditions. Approved cover for these devices will not affect your day-to-day benefits.

## Discovery HomeCare

When your doctor recommends that you receive home care as an alternative to a hospital stay, Discovery HomeCare will provide you with quality care in the comfort of your home. Services include postnatal care, end-of-life care, IV infusions and wound care. We pay for these services from the Hospital Benefit. This payment is subject to approval.

Discovery HomeCare is the designated service provider for defined IV infusions. Avoid having to pay 20% out of your own pocket by using Discovery HomeCare for these infusions.

# Essential screening and prevention benefits

This benefit pays for certain tests that can detect early warning signs of serious illnesses. The tests must be carried out by our wellness providers.

## What we pay for

*We cover various screening tests at our wellness providers.*

We pay for these tests from the Screening and Prevention Benefit. For consultations that do not form part of the Prescribed Minimum Benefits, we will pay from your available day-to-day benefits.

## Screening for kids

This benefit covers the assessment of your child's growth and development. We pay for you to have your child's weight, height, body mass index and blood pressure measured at one of our wellness providers.

## Screening for adults

This benefit covers a Health Check – a simple but helpful set of basic health screenings, which we pay for every year. A Health Check is performed at the point of care, with finger-prick tests where appropriate. Some of the screenings are for BMI, blood pressure, blood glucose, cholesterol and HIV.

We also cover a mammogram or ultrasound of the breast every two years. We pay for a Pap smear once every three years or an HPV test (including self-sampling kits) once every five years as well as a mental wellbeing assessment and a prostate-specific antigen (PSA) test annually. Every two years, for members between 45 and 75 years, we pay for a bowel cancer screening test (including self-sampling kits).

## Screening for seniors

In addition to screening for adults, members who are 65 and older have cover for an age-appropriate falls-risk screening assessment. This assessment must be carried out at a pharmacy in our defined pharmacy network. We may cover you for an extra falls-risk assessment when you are referred to a Premier Plus GP. This depends on your screening test results and if you meet the Scheme's clinical entry criteria.

Visit [www.discovery.co.za](http://www.discovery.co.za) to view the detailed Screening and Prevention Benefit guide.

## Additional tests

**Clinical entry criteria apply to these tests:**

- Defined diabetes and cholesterol screening tests
- Breast MRI or mammogram and once-off BRCA testing for breast screening
- Colonoscopy for bowel cancer screening
- Pap smear or HPV test for cervical screening.

## Vaccines

**Clinical entry criteria apply to these vaccines:**

- A seasonal flu vaccine for healthcare professionals and members who are pregnant, 65 years or older, registered for certain chronic conditions
- The pneumococcal vaccine for members 65 or those who are registered or certain chronic conditions

# Day-to-day benefits

We cover your day-to-day healthcare expenses from your Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) or limited Above Threshold Benefit (ATB).

## Medical Savings Account

We pay your day-to-day medical expenses, such as those for GP and specialist consultations, medicine (excluding registered chronic medicine), radiology and pathology, from the available money in your MSA. If you have money left over, this will carry over to the next year.

You have the option for us to pay your claims from the MSA at either the DHR or at cost.

If you have chosen to have your claims paid from the MSA at cost, we will automatically pay your claims that are more than the DHR. If you have chosen to have your claims paid from your MSA at the DHR, and you wish to have claims that are more than the DHR or benefit limits paid from the available money in your MSA, you can request a special payment from your MSA.

Claims that are paid from the MSA and which are more than the DHR do not add up to the Annual Threshold.

On the Classic Smart Comprehensive Plan, you can access unlimited GP consultations in the Smart GP Network, until you reach the Annual Threshold. You will have to pay the first R70; the rest of the consultation fee will be covered up to the Discovery Health Rate (DHR). If your MSA is set to pay at cost, the R70 co-payment will be paid from the available money allocated to the MSA. We pay for video consultations in full, up to the DHR. Once you reach the Annual Threshold, we pay your claims from the available money in your limited Above Threshold Benefit.

## Self-payment Gap

If the money in your MSA runs out before you reach your Annual Threshold, you will have to pay for claims from your own pocket until your claims reach the Annual Threshold amount. This period is known as the Self-Payment Gap. It is important that you continue sending in your claims during the Self-Payment Gap so that we know when you reach your Annual Threshold for claims. Claims will reduce your Self-Payment Gap and accumulate towards your Annual Threshold at 100% of the DHR, or a portion of this, as shown in the first table on the next page. Certain claims will not accumulate.

## Day-to-day Extender Benefit

This benefit pays for certain day-to-day benefits after you have run out of money in your MSA and before you reach the Annual Threshold. It covers video call consultations with a network GP and pharmacy clinic consultations in our defined Wellness Network. We also cover you for face-to-face consultations with a network GP when you are referred after a video call consultation or by the pharmacy clinic virtual GP. We cover face-to-face consultations up to the DHR. Kids younger than 10 can access two kids' casualty visits a year. This benefit is not available on the Classic Smart Comprehensive Plan.

## Above Threshold Benefit

We start paying day-to-day expenses from your Above Threshold Benefit once you have reached your Annual Threshold.

Some claims do not add up to your Annual Threshold and are not paid from your Above Threshold Benefit, for example:

- Medicine that you do not need a prescription for (over-the-counter medicine)
- Childhood vaccines and immunisations
- Lifestyle-enhancing products
- Claims that are more than the DHR
- Claims paid in excess of the yearly benefit limits.

### What we pay for

The Above Threshold Benefit is limited and covers all day-to-day expenses at the DHR or at a portion of the DHR. Certain benefit limits may apply. You will need to pay for any difference between the DHR and the amount claimed. You will also have to pay any amount that exceeds the yearly benefit limit (where applicable) or the Above Threshold Benefit limit.

For more detail on how you are covered visit *Do we cover* on our website [www.discovery.co.za](http://www.discovery.co.za).

## Day-to-day benefits

We cover your day-to-day healthcare expenses from your defined day-to-day benefits, Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) and limited Above Threshold Benefit (ATB).

Some day-to-day healthcare services have limits. These are not separate benefits. Limits apply to claims that are paid from your MSA and limited ATB. We pay day-to-day benefits up to the ATB limit or up to the benefit limit that applies – whichever you reach first.

We add these amounts to the Annual Threshold and pay them from your limited ATB, once you reach your Annual Threshold. We add up the amount paid from your MSA and ATB to the benefit limit available. If the claimed amount is less than the Discovery Health Rate (DHR), we will pay and add the claimed amount to the Annual Threshold. Claims paid from your defined day-to-day benefits or DEB will not accumulate to the Annual Threshold.

### The tables below show you how much we pay for your day-to-day expenses on the Comprehensive plans.

When you claim, we add up the following amounts to get to the Annual Threshold.

# Chronic benefits

On the Classic Comprehensive Plan, you have cover for 22 extra conditions, set out on the Additional Disease List. This is not available on the Classic Smart Comprehensive Plan.

## What we cover

### Prescribed Minimum Benefit conditions

You have access to treatment for a list of medical conditions under the Prescribed Minimum Benefits. The Prescribed Minimum Benefits cover the 27 chronic conditions on the CDL.

Our plans offer you benefits that exceed Prescribed Minimum Benefits. Certain rules apply for accessing Prescribed Minimum Benefits.

### Medicine cover for the Chronic Disease List

We cover you in full for approved chronic medicine on our medicine list (formulary). For medicine that is not on our list, we cover you up to the generic Reference Price, where a generic alternative exists, up to a set monthly rand amount. This amount is called the Chronic Drug Amount (CDA).

### Medicine cover for the Additional Disease List

We cover you for medicine on the Additional Disease List. We pay up to the set monthly CDA for this medicine. No medicine list (formulary) applies. This benefit is not available on the Classic Smart Comprehensive Plan.

### How we pay for consultations and medicine

To find a doctor and learn more about the nomination process, use [www.discovery.co.za](http://www.discovery.co.za), or the Discovery Health app.

To be covered in full for your GP consultations, you must visit your nominated Primary Care network GP. If you see a GP who is not your nominated Primary Care GP or a nominated GP that is not a network GP, you will have to pay a co-payment. For more information on our Care programmes and enrolment by your Premier Plus Network GP, please refer to the last page in Section 9.

We pay up to a maximum of the Discovery Health Rate (DHR) for medicine that you buy from one of our network pharmacies. The DHR for medicine is the price of the medicine and the fee for dispensing it.

### How to activate the benefit

You must apply for the CIB. Your Primary Care GP must complete the form online or send it to us for approval.

We cover these claims from your day-to-day benefits, up to a yearly limit of R36,150 per person or up to the Above Threshold Benefit limit – whichever one you reach first. If you join the Scheme after January, you will not receive the full limit, as we will calculate the benefit limit based on the number of months remaining in the year.

Where you meet the clinical entry criteria, we pay up to a yearly limit of R68,250 per person for dental appliances and prostheses and for the placement of these.

### Dental treatment in hospital

You need to pay a portion of your hospital or day clinic account upfront for dental admissions, except where you are approved for severe dental and oral surgery. The amount that you pay varies, depending on your age and where you are receiving treatment.

We cover the rest of the hospital account from your Hospital Benefit. (We pay up to 100% of the DHR.) The related accounts, which include the dental surgeon's account, are paid from your Hospital Benefit. (We pay up to 100% of the DHR.) For anaesthetists, we pay up to 200% of the DHR.

For members 13 years and older, we cover routine conservative dentistry, such as preventive treatment, simple fillings and root canal treatment, from your available day-to-day benefits.
