Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicine when we make these changes.

The Chronic Illness Benefit (CIB) is structured according to the LA Health Medical Scheme Rules. The use of the benefits and programmes linked with the Chronic Illness Benefit are subject to specific conditions and rules. You must make sure that you know these rules and conditions.

Any instructions or advice on medicine and the management of your condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of your doctor, pharmacist or other healthcare professional.

You get full cover for approved chronic medicine on our medicine list. You may have a co-payment for medicine that is not on our medicine list.

LA Health Medical Scheme and Discovery Health (Pty) Ltd reserve the right to change the benefit at any time.
